

PRW

PRO-NET rack.

The racks for PRO-NET are available in several dimensions. The width of the rack can be selected depending on the number of boards that must be placed:

- 20 TE (1 TE = 5.08 mm = 0.2 inch)
- 30 TE
- 49 TE

The space that the boards require in a rack, in TE's, is listed in the 'technical specifications' section of the boards.

The rack can have either one or two panels for swivels. The rack can be made deeper by adding body segments.

The case material is ABS. The protection class is IP66.

The standard case is a 49 TE wide case with a single swivel panel and two body segments. The dimensions are: 323 mm wide, 237 mm high, 276 mm deep.

Front
Depth 34 mm
Height 147 mm

Small/large body segment
Depth 52/140 mm
Height 147 mm

Case body without swivel panel
Height 147 mm
Depth 50 mm

Case body with 1 swivel panel
Height 237 mm
Depth 50 mm

Case body with 2 swivel panels.
Height 327 mm
Depth 50 mm

Width:

20 TE: 176 mm

30 TE: 227 mm

49 TE: 323 mm
